

# ***SAVING THE CONGO BASIN PEATLANDS***

## **The Lifeline of all creation**

**"CONGO BASIN IS VERY SENSITIVELY CONNECTED TO THE WELLBEING OF THE PEOPLE AND THE PLANET. IF OIL IS EXTRACTED FROM THE PEATLANDS, IT WILL RELEASE TONS OF CARBONS INTO THE ATMOSPHERE, ENDANGERING THE LIVES OF ALL CREATION. IT WOULD BE THE MOST CARBON-INTENSE OIL EXTRACTION EVER".**

**THE LAUDATO SI' MOVEMENT FROM THE DEMOCRATIC REPUBLIC OF CONGO, IN COLLABORATION WITH THE JPIC COMMISSION USG-UISG AND THE LAUDATO SI' ACTION PLATFORM HAS THE PLEASURE TO INVITE YOU TO THIS IMPORTANT WEBINAR AS PART OF THE LAUDATO SI' WEEK 2023.**

**22 MAY 2023**

**FROM 4PM TO 6PM (ROME TIME)**
